

Steamboat®

First Tracks

2010-2011 Ski Season!

Owners at The Steamboat Grand will be offered the privilege of first tracks in Steamboat's Champagne Powder! Details are below so get your planks and boards waxed up and get ready for some early morning turns.

- First Tracks for Steamboat Grand Homeowners will be offered on Sunday, Wednesday, and Friday during the 2010-2011 ski season, beginning middle of December thru the middle of March depending on conditions.
- Space will be limited depending on the day and owner occupancy at the Steamboat Grand.
- Owners will be allowed to participate in First Tracks 1 time per week plus one additional guest or family member can participate with the owner. That equals a maximum of 2 spots on First Tracks per week. A week starts on Sunday and end on Friday. (Ownership is dependent on the deed to the unit).
- Owners that would like additional tickets for First Tracks can purchase them at the Ticket Office. (there is no discount available on First Tracks tickets)
- Owners who are scheduled to stay in-house at the Steamboat Grand can book their First Tracks 14 days prior to the day they choose to participate. All other requests can be made 72 hours prior to their chosen participation day. Owners will need to contact Owner Services to book their requests. Requests will only be accepted during Owner Services business hours of Monday thru Friday 9am to 5pm.
- Once an owner has booked their First Tracks with Owner Services they will need to stop by Owner Services during normal business hours to receive their First Tracks tickets. The First Tracks tickets are date specific and can not be exchanged or transferred. Should an owner not be able to attend they need to return the First Tracks ticket to Owner Services.
- Owners must also have a lift ticket or pass in order to participate in First Tracks.
- **First Tracks is an unguided opportunity to experience Steamboat's legendary Champagne Powder before the lifts open to the general public. First Tracks terrain is limited to area south of the Priest Creek chair/Kuus' Cruise. You will ski/snowboard down Spur Run/Huffman's to Sundown lift, then access the Sundown, Sunshine, and South Peak chairs for early morning skiing. Conditions may vary from groomed corduroy to deep powder and trees. First Tracks is recommended for Intermediate and above skiers/riders only. Anyone found outside of the designated First Tracks area will lose all First Tracks benefits.**
- The gondola for First Tracks will start loading at 8am and stop loading for First Tracks at 8:15am. Departure times are subject to change depending on the week. The loading area for First Tracks is the employee/ski school line.
- Any cancellations for First Tracks must be provided to Owner Services at least 48 hours prior to the day of participation.
